\* This table does not list the Cross search-type data providers, with which an application programming interface (API) is not provided.

\* The data provider of the NDL newly acquired bibliographic data is NDL-OPAC, but separately from NDL-OPAC, the data provider ID (iss-ndl-opac-inprocess) is also available so that newly acquired bibliographic data can be searched. Note that the newly acquired Bibliographic data supports the API for harvest (OAI-PMH) only.
